ABOUT FORTIS

You should never have to make the choice between home security and personal style. FORTIS locksets have combined products that exceed the performance standards for security with elegant designs and finishes for your home. We offer you the opportunity to make home hardware selections as unique as you are, without breaking your budget or wondering about the reliability of your home defense.

FORTIS classic handleset options make a strong first impression your friends are sure to notice. Offering four lever options and five knob designs, the FORTIS hardware selection affords peace of mind, while allowing the flexibility of the finish gracing your interior or exterior doors. For patios, garage doors, or secondary entrances add the protection of a FORTIS deadbolt with any knob or lever. FORTIS locksets are available in eight finishes, including two new "rustic" finishes, to help you create a warm, inviting atmosphere in your home.

FORTIS locksets exceed ANSI grade 3 residential requirements with upgrades like brass keys, and a solid brass entry cylinder plug. Reaching the optimum balance between style, value, and security, FORTIS locksets will provide you with years of dependable service, and are backed up by 99-year mechanical and 5-year finish warranties. By choosing FORTIS, you make a safe and beautiful investment in your home, without sacrificing things that matter most.

DOOR HANDING GUIDE

PLEASE NOTE:

1. Handing of doors is always determined from the outside.
2. The outside of an exterior door is the street or entrance side.
3. The outside of a room door is the hall side.
4. The outside of a closet door is the room side.
5. All FORTIS Passage, Privacy, and Entry levers are reversible.

Albemarle Oil Rubbed Bronze (US12P)

ALBEMARLE

The sleek, contemporary design of the Albemarle brings style and sophistication to the interior or exterior of your home. Available in the industry's top finishes, the Albemarle lever is field reversible in passage, privacy, and entry functions. The Albemarle's dual-spring construction prevents lever sag, and will provide you with years of reliable service.

- "Coin-Slot" privacy release mechanism
- Reversible in entry, passage, and privacy functions
- Can be easily re-keyed, construction keyed, and master keyed
- Compatible with all FORTIS lockset styles
- Easy Three-piece installation
- Fits standard door prep

Glorieta Satin Nickel (US15)

GLORIETA

The Glorieta design's sweeping lines recall the elegance and classic styling of another time. The timeless beauty of the FORTIS Glorieta lever is available in multiple finishes, including Rustic Bronze and Rustic Pewter. The dual-spring construction of the Glorieta design prevents lever sag, and ensures your lockset will continue to function as well as it looks, years into the future. Like all FORTIS levers, Ablemarle is field reversible in passage, privacy, and entry functions.

- "Coin-Slot" privacy release mechanism
- Reversible in entry, passage, and privacy functions
- Can be easily re-keyed, construction keyed, and master keyed
- Compatible with all FORTIS lockset styles
- Fits standard door prep

Sandgate Satin Nickel (US15)

SANDGATE

The crisp efficiency conveyed by the clean lines of the Sandgate series from FORTIS provide a clean, modern look to accent your home décor choices. With the Sandgate series, the dual-spring construction will prevent lever sag to ensure years of reliable service. Due to its symmetrical design, there is no need to specify handing if you select the Sandgate series, so all functions can be installed right- or left-handed.

- "Coin-Slot" privacy release mechanism
- All functions work right- or left-handed
- Can be easily re-keyed, construction keyed, and master keyed
- Compatible with all FORTIS lockset styles
- Fits standard door prep
